

We're here for you!

It is important to us to provide you with affordable, quality care you can feel good about. That's why our family planning services are available to everyone.

Our family planning services are provided by a health care provider called a nurse practitioner. She can assist with all your family planning needs and can answer any questions you may have about your reproductive health.

We are committed to:

- Providing confidential services
- Providing a relaxed, private setting
- Providing quality care
- Taking time to listen
- Answering your questions
- Addressing your needs

Schedule an appointment
by calling
833-220-3200

The Family Planning Program is funded by the Michigan Department of Community Health, Shiawassee County Health Department, Mid-Michigan District Health Department and Federal Title X Funds.

149 East Corunna Avenue
Corunna, MI 48817

Our Mission

The mission of the Shiawassee County Health Department is to prevent disease, protect the public's health and enhance the quality of life by providing information and services.

health.shiawassee.net

Family Planning Program

Low cost, quality care.

All services are strictly confidential

The Shiawassee County Health Department has partnered with the Mid-Michigan District Health Department to bring family planning services to area residents.

Health services are provided at the Shiawassee County Health Department by a Nurse Practitioner from the Mid-Michigan District Health Department.

Available Services

Education

Education is an important part in helping you make an informed choice about birth control. We will help you learn more about your body and help you select the method(s) of birth control that are right for you.

Birth Control

Methods that you can choose from are:

- Abstinence (no sex)
- Condoms
- Spermicide
- Vaginal Ring
- IUD/IUS
- Nexplanon (implant)
- Ortho Evra (patch)
- Depo-Provera (shot)
- Birth Control Pills
- Natural Family Planning

Pregnancy Testing

Pregnancy testing results, as with all other family planning information, are highly confidential and will only be given to you in person.

Sexually Transmitted Infection Testing

Confidential and anonymous testing and treatment of sexually transmitted infections and HIV is available for both females and males.

Exams

Exams (pelvic exams, breast exams, yearly physicals) and pap smears are provided by the nurse practitioner.

Referrals

Referrals can be made for additional services as needed.

A variety of insurance plans are accepted. For those without insurance, the total charge is based on income and ability to pay. No one will be denied services.

~ Client Comments ~

"Family Planning has made a positive difference by allowing me to get birth control at an affordable cost. No babies at my age is a priority."

"Great service, awesome staff. Thanks for making me feel comfortable and for being easy to talk to."

"I don't have health insurance and this is the only way I can afford birth control. Everyone in the office is helpful and I am grateful that this is available."

"I really like coming here. Great people, very friendly."

"What a great staff! I drive from Detroit because you are a happy bunch and I feel comfortable here."

"One of the most friendly clinics I've been to."
